

Sinclair Broadcasting's decision to air an anti-Kerry documentary days is fundamentally unethical and is likely a violation of applicable laws on equal-time use of public airways.

The FCC should act IMMEDIATELY to enforce the law and require Sinclair to allocate an equal amount of time in the same time-slot on a separate day for those who hold the alternative viewpoint if Sinclair insists upon preempting prime-time programming to allocate Anti-Kerry campaign material.

Facts are facts and laws are laws. The FCC must enforce the law or our nation's airwaves will descend into a chaos of partisan propaganda.
